Wiltshire Council

The Town and Country Planning Act 1990

Approval of Full Planning Permission with Conditions

Application Reference Number: PL/2023/08203

Decision Date: 26 January 2024

Applicant:	Mr Robert Buttle Buttle Farm, Compton Basset, Nr Calne, SN11 8RE
Particulars of Development:	Change of use from holiday lets, food preparation and production plus ancillary residential use with extension to form enclosed corridor and greenhouse, to unencumbered residential use together with the erection of linking corridor, enclosed main entrance, associated parking and ancillary residential storage
At:	Cowes, The Courtyard, Buttle Farm, Compton Bassett, Calne, Wilts, SN11 8RE

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

Conditions: (12)

1 The works for which Planning Permission is hereby granted shall be begun before the expiration of three years from the date of this consent.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990, amended by the Planning and compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:

2205_GA_002: Location Plan
2205_17_101_B: Existing Ground Floor Plan
2205_17_121_C: Existing East and West Elevations
2205_17_111_C: Existing East and West Sections
2205_17_120_C: Existing North Elevation

2205_17_110_D: Existing North Section
2205_GA_140_A: Existing and Proposed Elevations – Building G
2205_GA_121_C: Proposed East and West Elevations
2205_GA_111_C: Proposed East and West Sections
2205_GA_101_E: Proposed Ground Floor Plan
2205_GA_102_C: Proposed First Floor Plan
2205_GA_112_C: Proposed North and South Elevations
2205_GA_120_C: Proposed North and South Elevations - Greenhouse
2205_GA_110_D: Proposed North Sections
2205_GA_501_G: Proposed Site Boundaries

REASON: For the avoidance of doubt and in the interests of proper planning.

3 No works relating to the proposed extension / alterations shall commence on site until a scheme of hard and soft landscaping has been submitted to and approved in writing by the Local Planning Authority, the details of which shall include:-

- a detailed planting specification showing all plant species, supply and planting sizes and planting densities;
- finished levels and contours;
- means of enclosure;
- car park layouts;
- other vehicle and pedestrian access and circulation areas;
- all hard and soft surfacing materials;

REASON: The application contained insufficient information to enable this matter to be considered prior to granting planning permission.

4 All soft landscaping comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the building(s) or the completion of the development whichever is the sooner; All shrubs, trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless otherwise agreed in writing by the local planning authority. All hard landscaping shall also be carried out in accordance with the approved details prior to the occupation of any part of the development or in accordance with a programme to be agreed in writing with the Local Planning Authority.

REASON: To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features.

5 No works relating to the proposed extension / alterations shall commence on site until details of all new metal framed glazing, the infill to barn D and the new passageway extension to Barn C, have been submitted to and approved in writing by the Local Planning Authority. The submitted details shall include depth of reveal, details of heads, sills and lintels, elevations at a

scale of not less than 1:10 and horizontal/vertical frame sections (including sections through glazing bars) at not less than 1:5. The works shall be carried out in accordance with the approved details.

REASON: In the interests of preserving the character and appearance of the listed building and its setting.

6 No works relating to the proposed extension / alterations shall commence on site until the exact details and samples of the materials to be used for the external walls and roofs have been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details.

REASON: The application contained insufficient information to enable this matter to be considered prior to granting planning permission and the matter is required to be agreed with the Local Planning Authority before development commences in order that the development is undertaken in an acceptable manner, in the interests of visual amenity and the character and appearance of the area.

7 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or re- enacting or amending that Order with or without modification), there shall be no additions/extensions or external alterations to any building forming part of the development hereby permitted.

REASON: In the interests of the amenity of the area and to enable the Local Planning Authority to consider individually whether planning permission should be granted for additions/extensions or external alterations.

8 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or re- enacting or amending that Order with or without modification), the ‘Building G’ hereby permitted shall not be converted to habitable accommodation.

REASON: The building is neither a heritage asset nor suitable for conversion and as such its use for habitable accommodation would not be acceptable in principle.

9 The extension/accommodation hereby permitted shall not be occupied at any time other than for purposes ancillary to the residential use of the main dwelling, known as Buttle Farm and it shall remain within the same planning unit as the main dwelling.

REASON: The additional accommodation is sited in a position where the Local Planning Authority, having regard to the reasonable standards of residential amenity, access, and planning policies pertaining to the area, would not permit a wholly separate dwelling.

10 No new external artificial lighting shall be installed at the site unless otherwise agreed in

writing by the local planning authority.

REASON: In the interests of conserving biodiversity.

11 The development will be carried out in strict accordance with the following documents:
- Recommendations 2-5 (page 14) of the ecology report: Preliminary Roost Assessment – Buttle Farm, Date: 03 November 2022, by Focus Environmental Consultants.

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity.

12 Bat roosts and bat access points will be incorporated into the development in accordance with:
- Recommendation 3 (page 14) of the ecology report: Preliminary Roost Assessment – Buttle Farm, Date: 03 November 2022, by Focus Environmental Consultants.
The installation of these bat roosts and access features will be supervised by a professional ecologist and this part of the condition will be discharged when photographic evidence of installed features have been submitted to and approved in writing by the local planning authority. These bat roosts and access points will continue to be available for bats for the lifetime of the development.

REASON: To mitigate for impacts to bats arising from the development.

Informatives: (7)

13 The habitat within the proposed development site and the surrounding area is suitable for roosting, foraging and commuting bats. An increase in artificial lux levels can deter bats which could result in roost abandonment and/or the severance of key foraging areas. This will likely result in a significant negative impact upon the health of bat populations across the region. Artificial light at night can have a substantial adverse effect on biodiversity. Any new lighting should be for the purposes for safe access and security and be in accordance with the appropriate Environmental Zone standards set out by the Institute of Lighting Engineers in their publication GN01:2021, ‘Guidance for the Reduction of Obtrusive Light’ (ILP, 2021), and Guidance note GN08/23 “Bats and artificial lighting at night”, issued by the Bat Conservation Trust and Institution of Lighting Professionals.

14 There is a low risk that bats may occur at the development site. Many species of bat depend on buildings for roosting, with each having its own preferred type of roost. Most species roost in crevices such as under ridge tiles, behind roofing felt or in cavity walls and are therefore not often seen in the roof space. Bat roosts are protected all times by the Conservation of Habitats and Species (Amendment) (EU Exit) Regulations 2019 even when bats are temporarily absent because, being creatures of habit, they usually return to the same roost site every year. Planning permission for development does not provide a defence against prosecution under this legislation or substitute for the need to obtain a bat licence if an offence is likely. If

bats or evidence of bats is found during the works, the applicant is advised to stop work and follow advice from an independent ecologist or the applicant is advised to follow the advice of a professional ecologist or to contact Natural England's Batline through the internet."

15 The applicant should note that under the terms of the Wildlife and Countryside Act (1981) and the Habitats Regulations (2010) it is an offence to disturb or harm any protected species, or to damage or disturb their habitat or resting place. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.

16 Please note that Council offices do not have the facility to receive material samples. Please deliver material samples to site and inform the Planning Officer where they are to be found.

17 The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. If the development is determined to be liable for CIL, a Liability Notice will be issued notifying you of the amount of CIL payment due. If an Additional Information Form has not already been submitted, please submit it now so that we can determine the CIL liability. In addition, you may be able to claim exemption or relief, in which case, please submit the relevant form so that we can determine your eligibility. The CIL Commencement Notice and Assumption of Liability must be submitted to Wiltshire Council prior to commencement of development. Should development commence prior to the CIL Liability Notice being issued by the local planning authority, any CIL exemption or relief will not apply, and full payment will be required in full and with immediate effect. Should you require further information or to download the CIL forms please refer to the Council's Website https://www.wiltshire.gov.uk/dmcommunityinfrastructurelevy

18 The applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required it will be necessary for the applicant to obtain the landowners consent before such works commence.
If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.

19 Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.

Parvis Khansari - **Corporate Director, Place**

NOTES

1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.

1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**

1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);

1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;

1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).

2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - http://www.planningportal.gov.uk/planning/appeals).

3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk

4 **CIL.** The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. A separate Community Infrastructure Levy Liability Notice will be issued by the Local Planning Authority. Should you require further information with regards to CIL please refer to the Council's Website www.wiltshire.gov.uk/planninganddevelopment/planningpolicy
