Application Reference Number: PL/2023/07605

Decision Date: 19 April 2024

Applicant:	Kes Ventures Ltd C/O Agent
Particulars of Development:	Demolition of agricultural building and replacement with building for Use Class E (g) (i) - (iii)
At:	South Farm, Water Eaton, Swindon, SN6 6JU

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

Conditions: (6)

1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans and documents:

Location and Access Plan, 6 September 2023
Block Plan 6 September 2023
Proposed Elevations 6 September 2023
Proposed Floor Plan 6 September 2023
Proposed Roof View 6 September 2023
Proposed Barn Footprint and position 6 September 2023
Proposed Parking Arrangement 6 September 2023

REASON: For the avoidance of doubt and in the interests of proper planning.

3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match in material, colour and texture those set out in the approved plans and supporting documents

REASON: In the interests of visual amenity and the character and appearance of the area.

4 The mitigation measures detailed in the approved Ecological Assessment W5436_rep_Barn at South Farm, Water Eaton_ 02-11-23
completed on the 2nd November 2023 and authored by Catrin Farrell and Edward Bodsworth and as set out on Bat and Bird Box Arrangement received 23 November 2023 shall be carried out in full prior to the first bringing into use/ occupation of the development and/or in accordance with the approved timetable detailed in the Ecological Assessment.

REASON: To mitigate against the loss of existing biodiversity and nature habitats.

5 No external lighting shall be installed on-site until plans showing the type of light appliance, the height and position of fitting, illumination levels and light spillage in accordance with the appropriate Environmental Zone standards set out by the Institution of Lighting Professionals in their publication “The Reduction of Obtrusive Light” Guidance Note 01/21 (reference GN01/21), have been submitted to and approved in writing by the Local Planning Authority. The approved lighting shall be installed and shall be maintained in accordance with the approved details and no additional external lighting shall be installed.

REASON: In the interests of the amenities of the area and to minimise unnecessary light spillage above and outside the development site.

6 No development shall commence on site until an investigation of the history and current condition of the site to determine the likelihood of the existence of contamination arising from previous uses has been carried out and all of the following steps have been complied with to the satisfaction of the Local Planning Authority:

Step (i) A written report has been submitted to and approved by the Local Planning Authority which shall include details of the previous uses of the site for at least the last 100 years and a description of the current condition of the site with regard to any activities that may have caused contamination. The report shall confirm whether or not it is likely that contamination may be present on the site.

Step (ii) If the above report indicates that contamination may be present on or under the site, or if evidence of contamination is found, a more detailed site investigation and risk assessment has been carried out in accordance with DEFRA and Environment Agency's "Model Procedures for the Management of Land Contamination CLR11" and other authoritative guidance and a report detailing the site investigation and risk assessment shall be submitted to and approved in writing by the Local Planning Authority.

Step (iii) If the report submitted pursuant to step (i) or (ii) indicates that remedial works are required, full details have been submitted to the Local Planning Authority and approved in writing and thereafter implemented prior to the commencement of the development or in accordance with a timetable that has been agreed in writing by the Local Planning Authority as part of the approved remediation scheme. On completion of any required remedial works the applicant shall provide written confirmation to the Local Planning Authority that the works have been completed in accordance with the agreed remediation strategy.

REASON: To ensure that land contamination can be dealt with adequately prior to the use of the site hereby approved by the Local Planning Authority.

Informatives: (1)

7 Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.
