Wiltshire Council

The Town and Country Planning Act 1990

Approval of Full Planning Permission with Conditions

Application Reference Number: PL/2023/05799

Decision Date: 19 November 2024

Applicant:	MR AND MRS M WHELAN Ravenscourt, Wiltshire, Crudwell, SN16 9ER
Particulars of Development:	Demolition and replacement of existing residential curtilage building to provide ancillary accommodation
At:	Ravenscourt, The Street, Crudwell, Wiltshire, SN16 9ER

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

Conditions: (8)

1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans and documents:

23-014 SP E. Revision N. Existing Site Plan. Received on 17 October 2024
23-014 SP P. Revision O. Proposed Site Plan. Received on 17 October 2024
23-014 EX Revision N. Existing Barn Plan and Elevations. Received on 17 October 2024
23-014 PM Revision O. Proposed Massing. Received on 17 October 2024
23-014 FP Revision O. Proposed Floor Plans. Received on 17 October 2024
23-014 E Revision O. Proposed Elevations. Received on 17 October 2024

REASON: For the avoidance of doubt and in the interests of proper planning.

3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall be as shown within the document Material Palette, Received on 30 October 2024.
Specifically, the materials shall be as follows:

1. Standing Seam Roof
2. Timber Louvre Solar Shading over Glazing – Natural Finish
3. Aluminium Fenestration. Coloured Dark Grey
4. Vertical Timber Wall Cladding – Natural finish
5. Cotswold Stone Plinth and walling to western end

REASON: In the interests of visual amenity and the character and appearance of the area.

4 The accommodation hereby permitted shall not be occupied at any time other than for purposes ancillary to the residential use of the main dwelling, known as Ravenscourt, The Street, Crudwell, Wiltshire, SN16 9ER and it shall remain within the same planning unit as the main dwelling.

REASON: The additional accommodation is sited in a position where the Local Planning Authority, having regard to the reasonable standards of residential amenity, access, and planning policies pertaining to the area, would need further consideration for a wholly separate dwelling.

5 The Air Source Heat Pump hereby permitted shall comply with the MCS Planning Standards or equivalent standards and shall be sited, so far as practicable, at ground level. The air source heat pump shall be removed as soon as reasonably practicable when no longer needed.

REASON: In the interests of residential and visual amenity.

6 The development will be carried out in strict accordance with the following documents:

- Table 4 of Preliminary Roost Assessment, Ravenscourt, Issue: 2, Date: 28/04/2023 by Arbtech

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity

7 The biodiversity mitigation and enhancement measures will be incorporated into the development in accordance with:

- Table 4 of Preliminary Roost Assessment, Ravenscourt, Issue: 2, Date: 28/04/2023 by Arbtech

The installation of these features will be supervised by a professional ecologist and this part of the condition will be discharged when photographic evidence of installed features have been submitted to and approved in writing by the local planning authority. These measures will continue to be available for wildlife for the lifetime of the development.

REASON:
To mitigate for impacts to biodiversity arising from the development.

8 No new external artificial lighting shall be installed at the site unless otherwise agreed in writing by the local planning authority.

REASON: In the interests of conserving biodiversity

Informatives: (7)

9 The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. If the development is determined to be liable for CIL, a Liability Notice will be issued notifying you of the amount of CIL payment due. If an Additional Information Form has not already been submitted, please submit it now so that we can determine the CIL liability. In addition, you may be able to claim exemption or relief, in which case, please submit the relevant form so that we can determine your eligibility. The CIL Commencement Notice and Assumption of Liability must be submitted to Wiltshire Council prior to commencement of development. Should development commence prior to the CIL Liability Notice being issued by the local planning authority, any CIL exemption or relief will not apply and full payment will be required in full and with immediate effect. Should you require further information or to download the CIL forms please refer to the Council's Website https://www.wiltshire.gov.uk/dmcommunityinfrastructurelevy.

10 Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.

11 The applicant should note that the grant of planning permission does not include any separate permission which may be needed to erect a structure in the vicinity of a public sewer. Such permission should be sought direct from Thames Water Utilities Ltd / Wessex Water Services Ltd. Buildings are not normally allowed within 3.0 metres of a Public Sewer although this may vary depending on the size, depth, strategic importance, available access and the ground conditions appertaining to the sewer in question.

12 The applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required it will be necessary for the applicant to obtain the landowners consent before such works commence.

If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.

13 The habitat within the proposed development site and the surrounding area is suitable for roosting, foraging and commuting bats. An increase in artificial lux levels can deter bats which could result in roost abandonment and/or the severance of key foraging areas. This will likely result in a significant negative impact upon the health of bat populations across the region. Artificial light at night can have a substantial adverse effect on biodiversity. Any new lighting should be for the purposes for safe access and security and be in accordance with the appropriate Environmental Zone standards set out by the Institute of Lighting Engineers in their publication GN01:2021, ‘Guidance for the Reduction of Obtrusive Light’ (ILP, 2021), and Guidance note GN08/23 “Bats and artificial lighting at night”, issued by the Bat Conservation Trust and Institution of Lighting Professionals.

14 The adults, young, eggs and nests of all species of birds are protected by the Wildlife and Countryside Act 1981 (as amended) while they are breeding.
Please be advised that works should not take place that will harm nesting birds from March to August inclusive. All British birds, their nests and eggs are protected under Section 1 of theWildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000 while birds are nesting, building nests and sitting on eggs. The applicant is advised to check any structure or vegetation capable of supporting breeding birds and delay removing or altering such features until after young birds have fledged. Damage to extensive areas that could contain nests/breeding birds should be undertaken outside the breeding season. This season is usually taken to be the period between 1st March and 31st August but some species are known to breed

outside these limits.

15 Many species of bat depend on buildings for roosting, with each having its own preferred type of roost. Most species roost in crevices such as under ridge tiles, behind roofing felt or in cavity walls and are therefore not often seen in the roof space. Bat roosts are protected all times by the Conservation of Habitats and Species (Amendment) (EU Exit) Regulations 2019 even when bats are temporarily absent because, being creatures of habit, they usually return to the same roost site every year. Planning permission for development does not provide a defence against prosecution under this legislation or substitute for the need to obtain a bat licence if an offence is likely. If bats or evidence of bats is found during the works, the applicant is advised to stop work and follow advice from an independent ecologist or the applicant is advised to follow the advice of a professional ecologist or to contact Natural England's Batline through the internet.

Parvis Khansari - **Corporate Director, Place**

NOTES

1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.

1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**

1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);

1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;

1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).

2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - http://www.planningportal.gov.uk/planning/appeals).

3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk

4 **CIL.** The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. A separate Community Infrastructure Levy Liability Notice will be issued by the Local Planning Authority. Should you require further information with regards to CIL please refer to the Council's Website www.wiltshire.gov.uk/planninganddevelopment/planningpolicy
