

The Town and Country Planning Act 1990
Approval of Full Planning Permission with Conditions
Application Reference Number: PL/2024/08886
Decision Date: 08/04/2025

Applicant:	Mr M Gothard Alveus The Causeway, Winterslow, Salisbury, Wiltshire, United Kingdom, SP5 1QW
Particulars of Development:	Erection of a 2-bed detached chalet bungalow including access, parking and landscaping
At:	4 Braemar Rise, Salisbury, SP1 3QB

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 39 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

- 1** The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2** The development hereby permitted shall be carried out in accordance with the following approved plans:

Application form received 14/10/2024

Location plan and site plan Drg no 0835/EX/101 received 14/10/2024

Proposed elevations Drg no 0835/PL/102 received 27/09/2024

Proposed plans Drg no 0835/PL/101 received 27/09/2024

REASON: For the avoidance of doubt and in the interests of proper planning.

- 3** Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or re-enacting or amending that Order with or without modification), no windows, doors or other openings be inserted in the north east, north west or south east elevations above ground floor ceiling level of the development hereby permitted.

REASON: In the interests of residential amenity and privacy.

- 4** No development shall commence on site above slab level until the exact details and samples of the proposed external materials including render, brick and roof tiles to be used on the development have been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details.

REASON: For the avoidance of doubt and in the interests of visual amenity and the character and appearance of the area.

- 5** Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended by the Town and Country Planning (General Permitted Development) (Amendment) (No.3) (England) Order 2020 (or any Order revoking or re-enacting or amending those Orders with or without modification), no development within Part 1, Classes A, B, C, D or E shall take place on the dwellinghouse hereby permitted or within the curtilage.

REASON: In the interests of the character and amenity of the area and to enable the Local Planning Authority to consider individually whether planning permission should be granted for additions, alterations, extensions or enlargements and due to the constrained nature of the site.

- 6** The development will be carried out in strict accordance with the following documents:

- Natural England Nutrient Neutrality Calculation for the River Avon SAC

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity.

- 7** Prior to the commencement of any works, including vegetation removal and demolition, details of the number, design and locations of bat roosts and nesting opportunities for birds (e.g. bat and bird boxes) shall be submitted to the local authority for approval. The approved details shall be implemented before occupation of the final works.

REASON: To provide mitigation /enhancement for biodiversity.

- 8** The development hereby permitted shall not commence until evidence of compliance to the Wiltshire Council River Avon Special Area of Conservation Mitigation scheme, or an alternative approved mitigation package addressing the additional nutrient input arising from the development, has been submitted to, and approved in writing by the Local Planning Authority.

REASON: To accord with the Conservation of Habitats and Species Regulations 2017, and Wiltshire Core Strategy Core Policy 69.

- 9** The dwellings shall not be occupied until the Building Regulations Optional requirement of a maximum water use of 110 litres per person per day has been complied with.

Reason: To avoid any adverse effects upon the integrity of the River Avon Special Area of Conservation (SAC).

- 10** The development hereby permitted shall not commence until evidence of compliance to the Wiltshire Council New Forest Protected Sites Recreational Impacts Mitigation Scheme, or an alternative approved mitigation package addressing the recreational pressure arising from the development, has been submitted to, and approved in writing by the Local Planning Authority.

REASON: To accord with the Conservation of Habitats and Species Regulations 2017.

- 11** The development hereby permitted shall not be first occupied until a splay has been provided on the southeastern (left) side of the access to the rear of the existing footway based on co-ordinates of 2m x 2m. The splay shall always be kept free of obstruction above a height of 600mm.

REASON: In the interests of highway safety.

- 12** The development hereby permitted shall not be first occupied until the first 5m of the access, measured from the edge of the carriageway, has been consolidated and surfaced (not loose stone or gravel). The access shall be maintained as such thereafter.

REASON: In the interests of highway safety.

- 13** The proposed development shall not be occupied until means/works have been implemented to avoid private water from entering the highway.

REASON: To ensure that the highway is not inundated with private water.

Informative to applicants:

- 1** The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition “(the biodiversity gain condition”) that development may not begin unless: (a) a Biodiversity Gain Plan has been submitted to the planning authority, and (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Wiltshire Council. There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. For further information on exempt developments please refer to:

<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>

Based on the information available this permission is considered to be one which will require the approval of a biodiversity gain plan before development is begun because none of the statutory exemptions or transitional arrangements are considered to apply. Irreplaceable habitat If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

- 2** The applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required, it will be necessary for the applicant to obtain the landowners consent before such works commence.

If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.

- 3** Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.
- 4** All British birds, their nests and eggs are protected under Section 1 of the Wildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000 while birds are nesting, building nests and sitting on eggs. The applicant is advised to check any structure or vegetation capable of supporting breeding birds and delay removing or altering such features until after young birds have fledged. Damage to extensive areas that could contain nests/breeding birds should be undertaken outside the breeding season. This season is usually taken to be the period between 1st March and 31st August but some species are known to breed outside these limits.
- 5** There is a residual risk that reptiles could occur on the application site. These species are legally protected and planning permission does not provide a defence against prosecution. In order to minimise the risk of these species occurring on the site, the developer is advised to clear vegetation during the winter, remove all waste arising from such clearance and maintain vegetation as short as possible. If these species are found during the works, the applicant is advised to stop work and follow advice from an independent ecologist or the Council Landscape and Design Team (ecologyconsultations@wiltshire.gov.uk)
- 6** With regard to condition 8, evidence of compliance to the Wiltshire Council River Avon Special Area of Conservation Mitigation Scheme means the certificate of allocation of credits and confirmation of financial contribution to the scheme. An alternative mitigation package must be approved by the local planning authority and Natural England with evidence of allocation to the scheme.
- 7** With regard to condition 10, evidence of compliance to the Wiltshire Council New Forest Protected Sites Recreational Impacts Mitigation Scheme means confirmation of payment of the financial contribution to the scheme. An alternative mitigation package must be approved by the local planning authority and Natural England with evidence of allocation to the scheme.
- 8** The application involves the requirement of dropped kerbs to create the vehicular access. The consent hereby granted shall not be construed as authority to carry out works on the highway. The applicant is advised that a licence will be required from Wiltshire's Highway Authority before any works are carried out on any footway, footpath, carriageway, verge or other land forming part of the highway. Please contact our Vehicle Crossing Team on vehicleaccess@wiltshire.gov.uk and/or 01225 713352.

- 9 The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. If the development is determined to be liable for CIL, a Liability Notice will be issued notifying you of the amount of CIL payment due. If an Additional Information Form has not already been submitted, please submit it now so that we can determine the CIL liability. In addition, you may be able to claim exemption or relief, in which case, please submit the relevant form so that we can determine your eligibility. The CIL Commencement Notice and Assumption of Liability must be submitted to Wiltshire Council prior to commencement of development. Should development commence prior to the CIL Liability Notice being issued by the local planning authority, any CIL exemption or relief will not apply, and full payment will be required in full and with immediate effect. Should you require further information or to download the CIL forms please refer to the Council's Website <https://www.wiltshire.gov.uk/dmcommunityinfrastructurelevy>

Parvis Khansari - Corporate Director, Place

NOTES

- 1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.
 - 1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**
 - 1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);
 - 1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;
 - 1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).
- 2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - <http://www.planningportal.gov.uk/planning/appeals>).
- 3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk
- 4 **CIL.** The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. A separate Community Infrastructure Levy Liability Notice will be issued by the Local Planning Authority. Should you require further information with regards to CIL please refer to the Council's Website [Community Infrastructure Levy \(CIL\) - Wiltshire Council](#)
