WHETSTONE BRIDGE QUARRY, DOWN AMPNEY

Thank you for consulting the Environment Agency on the above application.

Environment Agency Position

We have **no objections** to the variation of condition 2 and 6 **provided that the wording for condition 6 is reworded** as set out below and that **all the conditions within our remit on the original decision notice (18/06840/WCM) are transferred** to this permission.

Condition 6

We have no objection to the variation of condition 6 providing that the following wording is used,

*The total quantity of inert material imported into the site for the restoration of the site shall not exceed 137,000 cu m, comprising **uncontaminated** construction and demolition wastes to include concrete, bricks, tiles, ceramics, soils and stones (excluding topsoil and peat). **The inert material shall be treated to a standard such that they are fit for purpose and cause no pollution to controlled waters (groundwater).***
