Coordinate System

This survey has been oriented to the O.S. National Grid (OSGB36) via a global position system and the O.S. Active Network (OS Net) OSGB36: True OSGB36 coordinates have been established at STN1 E 411575.774 N 109899.965 ELEV 123.340 and a further OSGB36 point established to create a true O.S. bearing for angle orientation. All levels are based on O.S. Datum. A scale factor of 1.1 has been applied to the survey and therefore the coordinate system must be considered arbitrary.
