Subject: PL/2025/06596

Dear Sir/Madam

With reference to the above planning application, I would like to lodge my objection.

This is on the grounds that the proposal is excessive and does not fit with the existing dwellings of the surrounding area.

The plot already has an existing and very lovely dwelling that could be restored and maintained. There is no need to demolish this historical part of the village.

The lane outside the property is a small and not well maintained byway that could not possibly withstand the heavy traffic needed for building. It also would not be adequate for use by additional vehicles for the proposed 30 extra people.

I have attached photos to illustrate the state of this road and how it already is under immense strain from both average and larger vehicles.

This single lane is used by local people, including children, who do not drive so that they may walk into the village and home again. There is no pavement and this puts a significant risk to all people.

Thank you,

Meredith Buley
