3. Before making a request for a planning application to be referred to a Planning Committee Members are asked to discuss it with the case officer to ensure that they are aware of all of the relevant considerations and the likely recommendation. This should ensure that only those applications that need to, appear on agendas. (There have been cases where applications have appeared where the officer's recommendation is in line with the Members thoughts).

I have discussed this application with the case officer. *

☐ Yes

☒ No

4. I request this application to be called to committee if the recommendation is for:

☒ Approval

☐ Refusal

5. I request that the above mentioned planning application is considered at a meeting of the Planning Committee. I have indicated below the key issues which I consider justify the call in.

☒ Scale of development

☒ Visual impact upon the surrounding area

☐ Relationship to adjoining properties

☐ Design – bulk, height, general appearance

☒ Environmental/highway impact

☐ Car parking (use)

6. Other (please specify)

This site is not in the made Malmesbury Neighbourhood Plan. The huge expansion in the provision fundamentally alters this area of open space. The site plan shares a single access point with another major development that will house a new nursery school. The road concerned is already very busy as it provides access to the Dyson HQ and is the main link between Malmesbury and Tetbury.
