Subject: Views of proposed Industrial site Upper Seagry

As clearly seen from the photographs the old chicken sheds where the proposed industrial estate buildings will be constructed. The Courtyard boundary fence is the second fence on the pictures. Imagine what this will look like when all the trees are removed . Pictures taken from the bedroom window of Number 2, The Courtyard. Any councillors are most welcome to actually come and see for themselves just how close this site will be situated.

Thank you for your time and considerations.
