Application for Planning Permission

Town and Country Planning Act 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

We have an orphaned New Forest pony (Wild Sox) who resides on the 0.57 acres behind Hookside BA13 4HZ. He has lived there for almost two years and last winter it was impossible to reach him safely due to the water and mud. We have a foster son (owner of Sox (he's on longer wild)) and a two year old granddaughter and neither could visit from November 24 until February/March 25 safely. The track down became impassable; we are water self-sufficient but the feed and hay needs to be taken down - no matter what the conditions and this became not only incredibly difficult but also dangerous.

Sox was also struggling; as the entire paddock was flooded (we lost 30 mud mats - as the ground just swallowed them). It also began to have a negative impact upon Sox health and our hoof trimmer suggested putting in some stones for him to walk on, and getting him a friend to help with his manners. The friend was easy to solve; but the Hoof Trimmer's main concern was how the mud was affecting Sox's hooves. She has offered to write and detail the negative impact this was having on his hooves and the dangers of continuing the following winter with the same ground.

We contacted various contractors as soon as summer had begun to end. We wanted to ensure they did not have to suffer another winter like last, especially now Sox's hooves are in tip top condition and he's a happy content boy who has progressed to being halter led. We wanted to be able to take both children to visit them throughout the winter and take their feed and hay down safely once the weather becomes wet. We have also begun to take Sox for walks along the lane to slowly acclimatise him gently and at his own pace, with the access track as it had been last winter this would have been impossible as even with a small amount of rain the marsh floods and the access track can be 20 inches deep in mud. We were advised that we did not need planning as permission as it was going on top of the land, was purely for horse, person access (No vehicles) was for safety and necessity reasons and entered a non-classified road. I take full responsibility as I should have checked further and I am now applying in retrospect.

The access track is 1.5M wide (as are all gates) as it is purely for us to safely access the horses and for them to safely leave the paddock, this is stone and is not compacted as it is only for access and not continual use by the horses so can be loose.

Within the paddock; for the horses to walk on there is compacted type one stone which is 1m wide down the two longer lengths and 3m wide on the shorter ends where the feeding and water stations are located. This enables them to walk the length of the paddock safely or stay separated should they choose too; it addition it enables us but more importantly the children to reach both ends of the paddock safely and help fill the feeders etc.

Has the work or change of use already started?

- ☒ Yes
☐ No

If yes, please state the date when the work or change of use started (date must be pre-application submission)

22/09/2025

Has the work or change of use been completed?

- ☒ Yes
☐ No

If Yes, please state the date when the work or change of use was completed (date must be pre-application submission)

26/09/2025

Existing Use

Please describe the current use of the site

The use will not change at all. This is purely to allow pedestrian and horse access to the paddock safely and without danger and to enable the horses to leave the paddock and ensure their hooves and health do not suffer by having to wade through mud with no way to avoid it.

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Other

Other (please specify):

Access, paddock track

Existing materials and finishes:

The access track was mud and grass which became impassable during wetter months, we have had loose stone at 1-1.5m wide from the entrance to the paddock. The paddock has type one stone compacted to enable the horses to reach the feeding stations at both ends of the paddock - this is 1m wide on the long lengths and 3m wide where the feeding and water stations are located on the shorter end.

Proposed materials and finishes:

loose grey Stone - uncompacted. Type 1 stone - compacted.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

- ☐ Yes
☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

- ☐ Yes
☒ No

Are there any new public roads to be provided within the site?

- ☐ Yes
☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

- ☐ Yes
☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- ☐ Yes
☒ No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- ☐ Yes
☒ No

Trees and Hedges

Are there trees or hedges on the proposed development site?

- ☐ Yes
☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☐ Yes
☒ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☐ Yes
☒ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☒ Yes
☐ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☒ Existing water course
☐ Soakaway
☐ Main sewer
☐ Pond/lake

Biodiversity and Geological Conservation

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Retrospective planning permission

Please justify the reason why biodiversity net gain does not apply:

We have not removed any grass, hedges etc but we have placed stone on the muddy tracks and inside the paddock

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☐ Mains sewer
- ☐ Septic tank
- ☐ Package treatment plant
- ☐ Cess pit
- ☒ Other
- ☐ Unknown

Other

There is none.

Are you proposing to connect to the existing drainage system?

- ☐ Yes
- ☒ No
- ☐ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☐ Yes
- ☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
- ☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
- ☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☐ Yes
- ☒ No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

- ☐ Yes
- ☒ No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

- ☐ Yes
☒ No

Hours of Opening

Are Hours of Opening relevant to this proposal?

- ☐ Yes
☒ No

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

- ☐ Yes
☒ No

Is the proposal for a waste management development?

- ☐ Yes
☒ No

Hazardous Substances

Does the proposal involve the use or storage of Hazardous Substances?

- ☐ Yes
☒ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☐ The agent
☒ The applicant
☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☐ Yes
☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☐ Yes
- ☒ No

Can you give appropriate notice to all the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants)

- ☒ Yes
- ☐ No

Certificate Of Ownership - Certificate B

I certify/ The applicant certifies that:

- ☒ I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or
- ☐ The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural tenant" has the meaning given in section 65(8) of the Town and Country Planning Act 1990
