

DISCHARGE OF CONDITIONS

PL/2024/10159 Conversion and extension of the farm buildings to form a single dwelling.
At: Farm Buildings to the North of Hudds Mill Lane, Edington, BA13 4NT.

Condition 7: details of the number, design and locations of bat roosts and nesting opportunities for birds

The AFSS-Brick is an elegant, integral nest chamber designed for Swifts and other cavity-nesting birds. It replaces a single course of bricks and seamlessly integrates into both new-build and retrofit masonry, maintaining the appearance and integrity of the building.

The compact design spans just one brick course—minimal visual impact galvanised steel nest chamber with cement-fibreboard floor and fireproof sealant.

Available in two facings to match your build:

- Red Leicester brick facing (code 10380) or
- Buff brick facing (code 10381)

The Bat Block bat brick is designed and made by Green&Blue in the UK.

Materials Made from cast concrete using up to 75% waste materials from the Cornish China Clay industry.

Dimensions 215mm x 440mm x 120mm (+15mm fascia depth)
