Subject: URGENT RESPONSE REQUIRED - PL/2025/03958 : Fairwood Lakes, Holiday Park, Fairwood Road, Dilton Marsh, Westbury, Wilts, BA13 4EL

Dear Development Management

Lichfields is instructed by the application (copied in on this email) to progress the above application, which is for the discharge of conditions 10 (Surface Water drainage details), 11 (Landscaping), 12 (CEMP), 13 (Foul Effluent discharge details) and 16 (Lighting Information) of 20/11097/FUL. Please amend the agent details accordingly (my contact details are below).

The application has not been uploaded to the Council's Public Register but was submitted and validated on 25/04/2025 (see email chain below). Please could you confirm that consultation was undertaken upon submission (the 8 weeks has long since lapsed) and provide a copy of any consultation responses.

I would be very grateful for a response on the above today, as the delay on progress of this application raises significant issues in respect of wider development matters.

Please also note that agent details should be updated for PL/2025/07258: Variation of condition 2 (Approved Plans) of application 20/11097/FUL relating to site layout, lighting, ecological enhancement and lodge details. Lichfields will also be progressing this application.

Thank you in advance.

Sophie White
