Reason for Lawful Development Certificate

Please indicate why you are applying for a lawful development certificate

- ☐ An existing use
- ☒ Existing building works
- ☐ An existing use, building work or activity in breach of a condition

Being a use, building works or activity which is still going on at the date of this application.

Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

Installation on land adjoining the River Wylfe of "Solar Post" - consisting of a telemetry equipment control panel, and solar panel housed on a post. This is to facilitate continuous water quality monitoring - please see images in Supporting Letter attached. The pole is 2.2m in height above ground, and is being used due to the developments position in the flood zone with the need to raise the telemetry equipment out of the risk of flood. The solar post is painted brown. The solar post is connected to a stilling tube in the watercourse with a monitor, which is the subject of a separate Certificate of Lawful Development application.

Access will be on foot for ongoing maintenance. Ducting is laid in a channel for connecting cables between the solar post and stilling tube.
