RE: GREEN/CIRCLE/TENNIS COURTS
WILTSHIRE COUNCIL

PLANNING PORTAL PL/2025/08594

We OBJECT TO THE APPLICATION to build on this green area. Having lived in the road, next to it, since 1972, we know full-well how vitally important this green space, surrounded by trees, is to our community.

Quoting, and reaffirming, some points made by a spokesperson recently;

"This is a key green space in our neighbourhood - a peaceful spot surrounded by trees, home to birds, bats and other wildlife and enjoyed by local residents for recreation - supports community well-being, outdoor recreation (especially for children nearby) - provides vital habitat for local wildlife - contributes to cleaner air and a quieter greener environment. Once this space is built on, it's gone forever"

Please refuse building consent for this vital green space, as it "belongs" to each and everyone of us, in spirit, in our community, and it would be a travesty to allow it to be decimated, simply to

fulfill an opportunistic, self-seeking desire by someone to claim it for their own. Frankly, it would be contrary to commonsense, to allow personal gain to outway a holistically important site within the locality - a callous disregard of a community asset.

Google maps shows it to be one of the few precious green open community spaces left in the area.

It also is a magnet for occasional street, and social events; for children to play, dog owners, and of course wildlife - trees, birds etc. - a peaceful backdrop to an overly urban environment, that the residents really love and appreciate, as a haven of peace and quiet. It is "our green space" and should not be selfishly and callously sacrificed from the many, to satisfy a desire, or wants of a few, in this way.

The green spaces in, and surrounding, the area of Trowbridge are going to be "eaten" into during the future years, and communities, like ours included, need some local green space left. It is imperative that this local green space is left to Nature, the community and not built on; which would be callous and irrevocable.

Yours sincerely,

Protect Our Local Green Space

A planning application has been submitted to build a house on the Green/Circle/ Tennis Courts in Clarendon Road

This is a key green space in our neighbourhood — a peaceful spot surrounded by trees, home to birds, bats and other wildlife, and enjoyed by local residents for recreation.

Why it matters

- 🏠 Supports community well-being and outdoor recreation
- 🌿 Provides vital habitat for local wildlife
- 👂 Contributes to cleaner air and a quieter, greener environment

Once this space is built on, it's gone forever.

Have Your Say

You can help protect this space by **objecting to the planning application** before the deadline of **18th November 2025**.

✍️ **Submit your objection** via the Wiltshire Council planning portal: [PL/2025/08594](#)
