Why do you consider that a Lawful Development Certificate should be granted for this proposal?

See planning statement

The proposed lagoon constitutes permitted development under Schedule 2, Part 6, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

The proposal fully meets all relevant limitations and conditions of Class A. The development does not trigger the requirement for determination from the local planning authority as to whether the prior approval of the authority is required, as the area of excavation is below 0.5 hectares.

## Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☐ Yes

☒ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

With respect to the Authority, is the applicant and/or agent one of the following:

- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
