

Highway Development Management Consultation Response

Planning Application Ref: PL/2025/08745

Site Address: Flat 1&2 Springfield House, Church Lane, Box, Corsham, SN13 8NW.

Proposal: To combine Flat 1 & Flat 2, by providing an accessible doorway in the existing internal partition wall, currently separating the two flats. Additionally, 'block off' existing current entrance doorway into Flat 2, using materials and methods of traditional format to match the fabric of the listed building.

Date of Consultation Response: 25/11/2025

I refer to the above planning application dated 03/11/2025 seeking permission to combine Flat 1 & Flat 2, by providing an accessible doorway in the existing internal partition wall, currently separating the two flats. Additionally, 'block off' existing current entrance doorway into Flat 2, using materials and methods of traditional format to match the fabric of the listed building.

The site is located on Church Lane, an unclassified section of public highway subject to a speed limit of 30mph. There are no proposals to alter the public highway through the development.

The site does not appear to have allocated parking, and the proposals would not alter the existing parking demand, which I assume is accommodated within the on-street parking on Church Lane.

It is therefore considered that no objection be raised with regard to highways.
