Subject: FW: Arboricultural Comment - Oxleaze Business Park. -PL/2025/07551

Dear Jonathan

We noticed that Lisa had a query regarding the arboricultural information provided and therefore I hope the attached addresses the point raised.

Site Plan 040C for substitution is now reflective of the Tree Constraints Plan.

The updated drawing includes the tree canopy, the RPA (which has not changed) and the trees being removed.

I hope this is satisfactory and of course if there are any other points that might arise, please do not hesitate to contact me direct.

Regards
