3. Before making a request for a planning application to be referred to a Planning Committee Members are asked to discuss it with the case officer to ensure that they are aware of all of the relevant considerations and the likely recommendation. This should ensure that only those applications that need to, appear on agendas. (There have been cases where applications have appeared where the officer's recommendation is in line with the Members thoughts).

I have discussed this application with the case officer. *

☐ Yes

☒ No

4. I request this application to be called to committee if the recommendation is for:

☒ Approval

☐ Refusal

5. I request that the above mentioned planning application is considered at a meeting of the Planning Committee. I have indicated below the key issues which I consider justify the call in.

☐ Scale of development

☒ Visual impact upon the surrounding area

☒ Relationship to adjoining properties

☒ Design – bulk, height, general appearance

☒ Environmental/highway impact

☐ Car parking (use)

6. Other (please specify)

it is a largely residential area and the carpark that is being developed is not an industrial site. The old Avon factory opposite is in the NHP for mixed use development that is housing led. The self storage unit will be out of keeping with the residential area of Scotland Road. The access, is not suitable for 24 hour use and the adjoining residential buildings will be negatively impacted by noise, deliveries and security lighting.
