Community value Your reasons for thinking that Wiltshire Council should conclude that the land is of 'community value', having regard to the definition in the Localism Act: • current primary use of the building/ land or use of the building/ land in the recent past furthers the social well-being or social interests (cultural, recreational, or sporting interests) of the local community • it is realistic to think that now or in the next five years there could continue to be primary use of the building/land which will further the social well-being or social interests of the local community (whether or not in the same way as before)	The campsite is viewed locally as a valued community asset; which for many years has provided a local facility to camp and enjoy the Savernake Forest. Beneficial for both wellbeing , social and recreational purposes.
