This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

An original application was made for a two-storey extension, under application reference PL/2025/05602. The application was refused in August 2025 on the grounds that the 'scale and massing of the extension and its proximity to the boundary, create a potentially oppressive environment at the adjoining property, No. 26.

On the back of that refusal, the proposals have been amended and much reduced. The extension up to the boundary is now only single storey, which addresses the issue of being overbearing. The Two-storey part of the proposal is simply a re-build of the original rear projection, meaning that the proposals will not have the same overbearing impact as the original scheme.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
