Dear Sadie,

Thank you for speaking to me last week.

As these applications expire on 31 December 2025, please can you agree to an extension of time until 26 January 2025 by replying to me on this email address, to keep these applications live.

Attachments 1-3 show examples of plans required for the submission for an advertisement and related listed building applications. There are no annotated

dimensions on these drawings, as they are drawn to a recognised scale, which means we can scale all parts of the drawing(s), electronically.

If you are unable to provide scaled drawings, I have attached a copy of your 'As Proposed' photo montage (4th attachment) and shown a number of red arrows and text boxes showing the dimensions/info required. You have already provided much of this information, but we need to have it all on one drawing. Subject to the satisfactory annotation of this Proposed Elevation photo plan, we can move forward to a decision on these applications.

Please can you further amend the submitted 1:1250 Site Location Plan and add a scale bar.

Please submit this information to me (on this email address) at your earliest opportunity, but no later than Tuesday 6 January 2025. Upon receipt of the plan, it will form part of a re-consultation period. If you have any queries, please do not hesitate to contact me.

Regards,
