

South & West Wilts Hunt

Founded in 1690

28th November 2025

TO WHOM IT MAY CONCERN

WestCorn Enviro Waste Ltd. provide an exemplary service in the locality and obviously need their planning consent approved as it enables them to alter and refine their business.

We collect fallen stock from local farms and deal with injured and aged animals which after preparation are fed to the hounds. The offal and inedible meat is collected by WestCorn who arrange incineration. Without this service we would be unable to operate as regular removal of such perishable material is essential. WestCorn are highly efficient and diligent in their collections and maintain this removal to enable the whole process to exist. We are members of the National Fallen Stock Scheme who coordinate and invoice the farmers for their fallen stock within which Westcorn are an integral member. Allowing their planning application to successfully proceed is essential for the running of this probably ill understood and unknown service and enabling it to continue.

Yours faithfully

John Reading
Chairman
