- AIR SOURCE HEAT PUMP FIRST FLOOR TERRACE LOCATION
- AIR SOURCE HEAT PUMP THIRD FLOOR TERRACE LOCATION

Construction Design and Management (CDM) Key Residual Risks

Contractors entering the site should gain permission from the relevant land owners and/or principle contractor working on site at the time of entry. Contractors shall be responsible for carrying out their own risk assessments and for liaising with the relevant services companies and authorities. Listed below are Site Specific key risks associated with the project.

1. Overhead and underground services

2. Street lighting cables

3. Working adjacent to water courses and flood plain

4. Soft ground conditions

5. Working adjacent to live highways and railway lines

6. Uncharted services

7. Existing buildings with potential asbestos hazards
