Dear Daniel Jacobs,

[PL/2025/08748 2 Marina Close, Durrington, Salisbury, SP4 8DD](#)

Thank you for consulting the Stonehenge and Avebury World Heritage Site (WHS) Coordination Unit on this application for a garage extension and conversion into a self contained annex .

This application takes place c. 110m from the southeast corner of the Stonehenge part of the Stonehenge, Avebury and Associated Sites WHS close to Durrington Walls. The role of the WHS Coordination Unit is to monitor the impact of all development on the Attributes of Outstanding Universal Value (OUV) as inscribed by UNESCO to maintain the Integrity and Authenticity of the WHS and its setting. For full details of OUV please refer to the Stonehenge, Avebury and Associated Sites WHS Management Plan (2015)¹.

A description of setting can be found in Supplementary Planning Document (SPD) 'Setting of the Stonehenge, Avebury and Associated Sites World Heritage Site'², adopted by Wiltshire Council in October 2025. We believe this proposal to be a Level 1 development which takes place within c200m of the WHS and therefore requires screening by the LPA on impact to the WHS.

It is our assessment that the proposal will not impact the Outstanding Universal Value of the World Heritage Site and its setting.

Yours sincerely,

Claire Selman, Partnership Manager

Stonehenge & Avebury World Heritage Site Coordination Unit
