Details of the pre-application advice received

Formal pre-application advice was received which was largely positive.

The Conservation Officer was generally supportive but did raise the points below:

- "The Conservation Officer has not raised any objections to the internal works. He has acknowledged that the proposed two storey extension would primarily affect the 1980s extension of the listed building, and as such any harm to the historic significance of the overall asset would be "less than substantial". Nevertheless, any harm must be justified by the public benefits of the scheme, in line with the NPPF."

- "Improvements to the appearance of the existing 1980s extension... could contribute positively to the character and appearance of the dwelling and support the public benefit case."

Following receipt of this advice, the proposals were updated to also include replacing the existing low-quality render finish of the 1980's extension with coursed rubble stone in order to improve the external appearance. This approach was presented to the Conservation Officer via email and his response was as follows:

"The works to reclad the existing addition in traditional stone would appear as enhancement in this case that would help to address any perceived sense of harm. Therefore bearing in mind the requirements of the NPPF to weigh benefits against harm the scheme could considered on balance to be acceptable in view of a impacts on the aesthetic values of the Heritage Asset."

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
