

PROPOSED

PROPOSED

This architectural drawing shows a proposed building facade with two levels. The upper level features a horizontal siding pattern and includes a square window, a vertical window, and a small rectangular window. The lower level has a large window with a horizontal mullion, a vertical window, and a small rectangular window. The drawing is marked with 'PROPOSED' in the top right corner and includes a dashed line indicating a proposed boundary or section line.

A horizontal number line with tick marks at 0, 500, 1000, 1500, 2000, and 2500.

Do not scale from this drawing for construction use figured dimensions only. If you are in doubt please ask using the contact details below.
