Conifer in
need of crown
lifting to remove
branches sitting
on my garage

Conifer to
be removed, it
is mostly dead
as it is too close
to the trees either
side

Apple tree
to be
removed as it
has no light
and a 75°
angle
Conifer to be
removed as it
is also growing
inadequately
in shade

Conifer to be
removed as
it is growing
inside the
treeline next
to it.

Conifer to
be removed as
it is far too
close
to the large
conifer
next to it.
