Details of the pre-application advice received

The applicants sort advice on the proposed plans, in particular the external cladding, raised decks and the rear balcony. The plans were overall received very favourably. 3 main issues raised. 1..The proposed use of timber cladding over the entirety of the property. This has been address by now proposing to use an alternate mix of timber cladding and natural lime render. 2.. The raised decking would not intrude or invade the privacy of neighbouring properties. This has been addressed by lowering the decking closest to the boundary, included slatted timber screens and natural green screening vegetation. 3..The rear balcony needed further detailed drawings to be shown on the plan. this has been included

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
