Details of the pre-application advice received

The existing stack is not considered to be of a design or materials of exceptional interest that would warrant objection to all change. Removing the existing top two or three courses, i.e. to include the projecting course, rebuilding that with new brickwork above, with new projecting course, and the installation of a new taller pot (600mm is suggested) would cause no significant loss of historic fabric. The stack is two flues wide and should not appear unduly spindly or prominent and would not harm the character and significance of the listed building. The bricks should be carefully chosen to match the existing, although they do not need to be reclaimed, and the whole should be sensitively repointed with a lime mortar when complete

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
