First Listed 19/09/1972
List Entry Name, 4 & 5 Northgate St.

The properties are C18, two storey's stone tile roof & rendered.
Five no windows on the 1st floor Irregularly spaced with architrave frames.

On the ground floor No 4 has an outer six panel door in an architrave surround with an arched fanlight, to the rest of the frontage is a large shop window.
No 5 has a four light shop window framed with fluted pilasters & entablature.
The shop window to No 4 was formerly of eight x four panels but has now been modernised.

Our proposal is to change 3no windows in total, W1 to No 5 and W2 + W3 to No 4. All these windows are not on the road frontage, they are on the rear elevations accessed through the archway between no's 4 & 5.
The existing windows are Softwood flush casements & single glazed and we propose to do the same.
