Application for Planning Permission; Listed Building Consent for alterations, extension or demolition of a listed building

Town and Country Planning Act 1990 (as amended); Planning (Listed Buildings and Conservation Areas Act) 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

Floor defence works to include; New pedestrian entrance to courtyard. Adjustments to flat 14 dwelling entrance. Adjustment to lower level windows.

Pre-Application discussions have determined a Fire Statement is not relevant.

Has the development or work already been started without consent?

☐ Yes

☒ No

Listed Building Grading

What is the grading of the listed building (as stated in the list of Buildings of Special Architectural or Historical Interest)?

☐ Don't know

☐ Grade I

☒ Grade II*

☐ Grade II

Is it an ecclesiastical building?

☐ Don't know

☐ Yes

☒ No

Demolition of Listed Building

Does the proposal include the partial or total demolition of a listed building?

☒ Yes

☐ No

If Yes, which of the following does the proposal involve?

a) Total demolition of the listed building

☐ Yes

☒ No

b) Demolition of a building within the curtilage of the listed building

☐ Yes

☒ No

c) Demolition of a part of the listed building

☒ Yes

☐ No

If the answer to c) is Yes

What is the total volume of the listed building?

25000.00

Cubic metres

What is the volume of the part to be demolished?

4.00

Cubic metres

What was the date (approximately) of the erection of the part to be removed?

Month

January

Year

1875

(Date must be pre-application submission)

Please provide a brief description of the building or part of the building you are proposing to demolish

Walling to be removed to form new door openings.

Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?

To form new door openings to improve flood defence.

Immunity from Listing

Has a Certificate of Immunity from Listing been sought in respect of this building?

- ☐ Yes
- ☒ No

Listed Building Alterations

Do the proposed works include alterations to a listed building?

- ☒ Yes
- ☐ No

If Yes, do the proposed works include

a) works to the interior of the building?

- ☒ Yes
- ☐ No

b) works to the exterior of the building?

- ☒ Yes
- ☐ No

c) works to any structure or object fixed to the property (or buildings within its curtilage) internally or externally?

- ☒ Yes
- ☐ No

d) stripping out of any internal wall, ceiling or floor finishes (e.g. plaster, floorboards)?

- ☒ Yes
- ☐ No

If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).

Refer to submitted Design and Access Statement and drawings.

Materials

Does the proposed development require any materials to be used?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material) demolition excluded

Type:
External walls

Existing materials and finishes:
Stone

Proposed materials and finishes:
Stone

Are you supplying additional information on submitted plans, drawings or a design and access statement?

☒ Yes

☐ No

If Yes, please state references for the plans, drawings and/or design and access statement

Please refer to all submitted information.

Site Area

What is the measurement of the site area? (numeric characters only).

3250.00

Unit

Sq. metres

Existing Use

Please describe the current use of the site

dwelling

Is the site currently vacant?

☐ Yes

☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

☐ Yes

☒ No

Land where contamination is suspected for all or part of the site

☐ Yes

☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

☐ Yes

☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

☐ Yes

☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

☒ Yes

☐ No

Are there any new public roads to be provided within the site?

- ☐ Yes
☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

- ☐ Yes
☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- ☐ Yes
☒ No

If you answered Yes to any of the above questions, please show details on your plans/drawings and state their reference numbers

Please refer to all submitted drawings and the design and access statement

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- ☒ Yes
☐ No

Please provide information on the existing and proposed number of on-site parking spaces

Vehicle Type:

Cars

Existing number of spaces:

21

Total proposed (including spaces retained):

21

Difference in spaces:

0

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☐ Mains sewer
☐ Septic tank
☐ Package treatment plant
☐ Cess pit
☐ Other
☒ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
☐ No
☒ Unknown

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☒ Yes
☐ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☒ Yes
☐ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☐ Existing water course
☐ Soakaway
☒ Main sewer
☐ Pond/lake

Trees and Hedges

Are there trees or hedges on the proposed development site?

- ☐ Yes
☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☐ Yes
☒ No

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
- ☐ Yes, on land adjacent to or near the proposed development
- ☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
- ☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:

Pre-Application discussions have confirmed that a BNG is not relevant. Works are minor and positioned internal or externally in hard standing areas.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☐ Yes
- ☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
- ☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☐ Yes
☒ No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

- ☐ Yes
☒ No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

- ☐ Yes
☒ No

Hours of Opening

Are Hours of Opening relevant to this proposal?

- ☐ Yes
☒ No

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

- ☐ Yes
☒ No

Is the proposal for a waste management development?

- ☐ Yes
☒ No

Hazardous Substances

Does the proposal involve the use or storage of Hazardous Substances?

- ☐ Yes
☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
- ☒ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
- ☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☐ The agent
- ☒ The applicant
- ☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☒ Yes
- ☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title

***** REDACTED *****

First Name

***** REDACTED *****

Surname

***** REDACTED *****

Reference

ENQ/2025/01599

Date (must be pre-application submission)

05/10/2025

Details of the pre-application advice received

i) New pedestrian entrance to courtyard

The proposal would see the construction of a low level wall with a flood gate and the modification of an existing modern metal external staircase. There would be some loss of historic fabric through the knocking through of the external boundary wall. However, the proposal would serve as a benefit to the safety of residents. The proposed external timber door would not be out of character with the central arch and the opening to the outside would be entirely in keeping with this former industrial building.

ii) Adjustments to flat 14 dwelling entrance

It is proposed to raise the level of the entrance door to flat 14, which internally floods on a regular basis due to ground water run off inside the building in the lobby area. The main internal living space is at a raised level, hence it is proposed to raise the entrance externally and provide an external flood wall to protect the threshold of the building. In principle there is no conservation objection as this wall is new fabric infilled in the late 1990's when the mill was converted to residential use. As such, there would be some changes externally however subject to sensitive design this could be successfully achieved by replicating the stone entrance details and serve as a benefit to the safety of residents. However, there is an issue since the land is not owned by the retirement complex and is owned by the Highway Authority and as such this ownership would need to be resolved.

iii) Adjustment to lower level windows

It is proposed to alter the lower sections of 7 of the sash windows on the ground floor of the building. In the high flood water level that the town experienced in November 2024, the water level was at the sill height of the windows, leaving residents concerned at safety should flood waters increase in depth. As such, it is proposed to replace the sills and the bottom section of each window with a new sash section constructed from accoya timber and safety glass with planted on timber glazing bars. The window sections proposed for replacement are not original and appear to date from the late 1990's at the time of the conversion of the building to residential use. lack significant historical value. Both sections of the sills and lower sashes are rotten and have been frequently repaired, and are in need replacement regardless. The proposed use of safety glass and accoya timber would provide longevity in an area very difficult to maintain (riverside) and improve the safety of the residents. The fenestration design would be the same as existing, apart from the planted on glazing bars. There is although an opportunity to reintroduce the original tampered moulding profile consistent with the upper part of the window frames and to match the remainder of the building. On balance, providing that the enhancement was made to match the window profiles with the upper original sections of the sash windows, this would be supported in conservation terms.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 & Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of **all** the land to which this application relates; **and** has the applicant been the sole owner for more than 21 days?

- ☐ Yes
- ☒ No

☒ Yes

☐ No

I certify/ The applicant certifies that:

- ☒ I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or
☐ The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.

* 'owner' is a person with a freehold interest or leasehold interest with at least 7 years to run.

**** 'agricultural tenant' has the meaning given in section 65(8) of the Town and Country Planning Act 1990.**
