Subject: Application number PL/2026/00165 White Gables House Pewsey SN9 5DL

I have attached a plan showing our access rights.

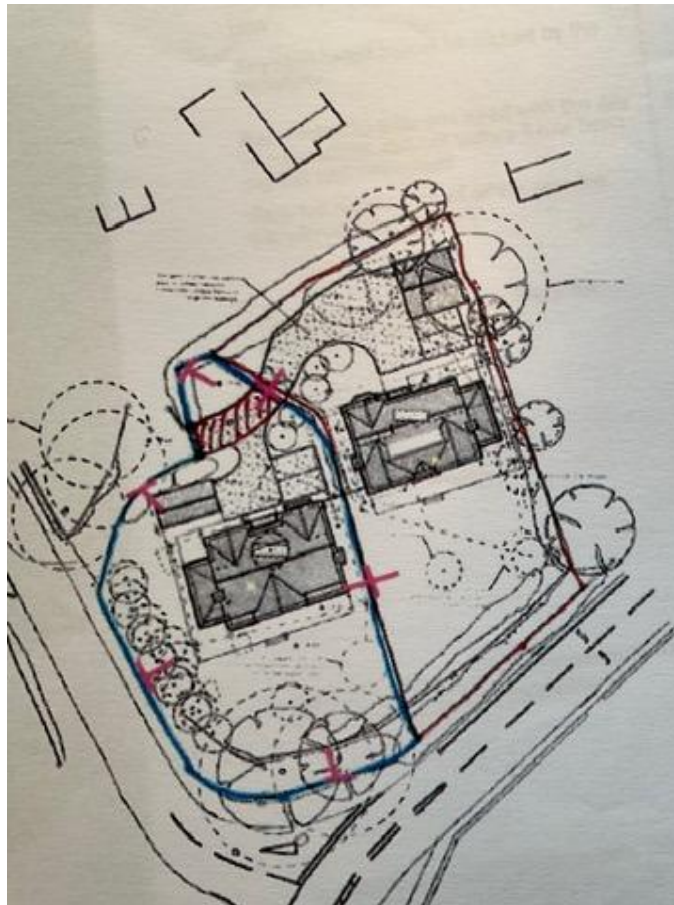

We have two concerns:

- 1) That the plan submitted does not show our access rights and we are worried that the construction will restrict our access. We feel that the plan submitted should show this clearly.
- 2) The construction will be within a few feet of our lounge window and that the height of the roof will restrict our light.

I have emailed a copy of a plan showing our access rights to
developmentmanagement@wiltshire.gov.uk
