Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

☐ Yes

☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Retrospective planning permission

Please justify the reason why biodiversity net gain does not apply:

EXEMPTION: Householder Application REASON FOR SELECTING EXEMPTION: The application is exempt from the general Biodiversity Gain Condition as set out by Regulation 5 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024. I state the following is true: I confirm that the development is for an existing dwellinghouse to improve the enjoyment of the dwellinghouse; I confirm that the dwellinghouse does not include any flats and is not a flat within a building; and I confirm that the application is not for a change of use or an application to change the number of dwellings in a building. The application thus conforms with the definition of Householder Application set out in article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 and is eligible for the exemption set out in Regulation 5" Information Pack ("certificate") Please click here to download a supplementary information pack setting out evidence for your exemption under Regulation 5 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024. A copy of this report has been sent to mel@m2design.ltd.uk We want to hear from you! If you have any questions, or not happy with the service that you have received, please let us know at exemptionqueries@joesblooms.com. Please note that this advice only relates to mandatory Biodiversity Net Gain as set out in Schedule 7A of the Town and Country Planning Act 1990 (as amended).

Note: Please read the help text for further information why developments may be exempt or not in scope.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
