

Justification for the amendment to the consented delivery hours to the construction compounds (from 10:00-16:00 on Monday-Friday to 08:00-16:00 Monday-Friday)

The reasoning behind the proposed variation to the consented delivery hours to the construction compounds (from 10:00-16:00 on Monday-Friday to 08:00-16:00 Monday-Friday) is that in reality most of the deliveries are coming from Europe and Felixstowe Docks and due to driving time regulations, many of the drivers are having to stop close to site and stop overnight. The drivers will then want to make their delivery first thing in the morning before heading back to the depot, waiting around for another 2 hours is not practical. Therefore, flexibility is required to allow deliveries earlier than 10am.
