Dear Becky,

Thank you for your email. I have responded in italics under each question. I hope this clarifies your general understanding.

Yours, Caroline

Good morning Caroline,

I am in discussion with my Team Leader about my report for the proposal.

Please could you confirm that my general understanding is correct:

- The court is for use by yourselves, the holiday let and possibly available for bookings via the local tennis club? *Yes, for use by ourselves, by the holiday let guests and for public booking which is likely to be fairly local. I have support on your file from a member of the local tennis club, but the two will not be connected.*
- The max car spaces is 4 - for up to 4 players on the court. *Yes up to 4 players which could generate up to 4 cars in and 4 cars out for consecutive bookings. I would anticipate some local people would walk/cycle/car share and we shall be providing a bicycle park space.*

- You would be content with a condition restricting the use of the court for tennis/padel falling within the Use class for outdoor recreation – Class E(d) - Yes
- We can apply the hours suggested on the application form by condition to add further control for amenity reasons - Yes

I look forward to hearing from you, and please be aware that I am likely to add our discussion to the case file on the website, email addresses etc redacted as necessary

With best wishes

Kind regards

Becky
