My husband and I lived in Qatar from March 2014 to December 2017.

Dubai from January 2018 to December 2021.

We have always come back to Fairview during holidays as a base as frequently as we can. Once The Cabin/Barn was built we based ourselves there, able to leave clothes etc ready to wear with the UK weather.

As soon as we were able after Covid we came home, December 2021 and stayed in The Barn until buying our house in Brinkworth - April 2022.

We decided to go back to Dubai in August 2023;

We stayed in the Barn as a base while we prepared to leave again, finally leaving December 2023.

Whenever we come back to the UK we use The Barn as a base to stay.

Yours sincerely,
Katherine Francis
