Subject: PL/2026/00390 - 16 Budbury Place, Bradford on Avon

Dear Ms Webb,

In response to your consultation comments regarding application PL/2026/00390, I would like to confirm that there are no proposed changes to the physical internal or external fabric of the property.

I am fully aware that any alteration would require an application for Listed Building Consent; however, this is not required as part of the proposed change of use.

We fully understand the importance of the property and its Listed Building status, as well as its significance as a heritage asset within the Bradford-on-Avon Conservation Area.

Regards

Phil Jenkins *EngTech MICE*
