Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposal is to install fibre internet to the property. It will involve surface fixing a cable at low level on the front facade behind planters and the fixing of a white plastic connection box circa 20x20x5 cm behind one of the planters. A 1cm diameter hole will be drilled through the front wall to the existing meter cupboard behind where the router will be fixed for the wi-fi. We will also plan to remove redundant existing telephone cables fixed at first floor level to the facade.
