11th February 2026

Dear Sir/Madam,

TOWN AND COUNTY PLANNING ACT 1990 (as amended)
APPROVAL OF DETAILS RESERVED BY CONDITION

Application No:	PL/2025/10006
Proposal:	Discharge of condition 10 (construction traffic management plan) and partial discharge of condition 20 (Demolition and Construction Environmental Management Plan) of PL/2022/06298
Site Address:	Chicklade Service Station, Chicklade, SP3 5ST
On Behalf Of:	InstaVolt Ltd 6 Cedarwood, Crockford Lane, Chineham, Basingstoke, RG24 8WD

I refer to your application for the discharge of condition(s) attached to the above planning permission dated 24th December 2025. After careful consideration, the following decision has been made:

Condition(s) submitted for consideration:

I can confirm that the details submitted satisfy the following condition(s) of the above planning decision, as follows:

Condition 10 – Construction Traffic Management Plan (CTMP)

I can confirm that the submitted Demolition & Construction Environmental Management Plan - Construction Traffic Management Plan (Rekan/InstaVolt - 813.NAR.RP.01 – Rev P04_NAR), which was received 24th December 2025, is acceptable and satisfies the requirements of this condition. Please ensure that the development is implemented in accordance with these approved details.

However, it should be noted that the scheme of works to provide the new A303 site access junction (secured under condition 7) will also require traffic management arrangements specific to these works and which will have to be agreed by us as part of the s278 legal agreement that the applicant will be required to enter into prior to delivery of the scheme. National Highway's acceptance of details to discharge condition 10 in respect of the wider development should not therefore be taken to imply acceptance in respect of any arrangements still to be agreed specific to the access junction works.

Condition 20 – Demolition & Construction Environmental Management Plan (DCEMP)

I can confirm that the submitted Demolition & Construction Environmental Management Plan - Construction Traffic Management Plan (Rekan/Instavolt - 813.NAR.RP.01 - Rev. P04_NAR), which was received 24th December 2025, is acceptable and satisfies the requirements of this condition. Please ensure that the development is implemented in accordance with these approved details.

Please note that in accordance with national planning guidance, discharge of condition applications are procedural in nature and do not require public consultation. While third-party representations may occasionally be received, they are not formally invited and do not form part of the statutory decision-making process. The assessment of this application has been based solely on whether the submitted details satisfy the requirements of the relevant planning condition(s).

This letter acts as official confirmation and therefore I suggest that you attach it to the decision notice as evidence that you have complied with the requirements of the relevant condition(s).

Yours faithfully

Head of Development Management

NOTES:

1. **Approved Conditions:**

If the condition(s) have been discharged, you may proceed with the development in accordance with the approved details. Please ensure that the approved documents or plans are implemented on-site and adhered to as part of the development. It is important to comply with all conditions of the planning permission to ensure the development remains lawful.

2. **Refused Conditions:**

If the discharge of the condition(s) has been refused, you may submit revised details or further information to address the issues raised as part of a further discharge of the condition's application. Please ensure that any resubmission adequately addresses the reasons for refusal. Alternatively, you can appeal the Council's decision (see below for details).

3. **Partially Discharged Conditions:**

If the condition(s) have been partially discharged, the remaining details that are required must be submitted for further consideration. You should provide the necessary documents in accordance with any timeframe or trigger specified in the condition to allow for the full discharge of the condition(s).

Right of Appeal:

If you are aggrieved by the decision to refuse to discharge a condition or if the condition has only been partially discharged, you have the right to **appeal** the decision to the **Planning Inspectorate**.

The appeal must be made within **6 months** from the date of this decision notice. If the appeal is submitted after this 6 month period, the Planning Inspectorate will only consider it if there are exceptional circumstances.

The procedure for making an appeal is set out under **Section 78 of the Town and Country Planning Act 1990** (as amended), along with the relevant provisions in the **Planning and Compulsory Purchase Act 2004**. For detailed guidance on how to submit your appeal, please visit the Planning Inspectorate's website:

<https://www.gov.uk/appeal-planning-decision>

Please be aware that the appeal process will focus on whether the submitted details meet the requirements set out in the original planning condition(s) and relevant planning policies.
