Details of the pre-application advice received

Via email: "I did visit the site last Thursday, thank you for letting me access the site. It's a very cute space but obviously the structural concerns.

....I would advise you to go straight to an application for this one - the required works are too extensive to allow as a 'repair' to the building.

I am aware that the application has been submitted and registered as a pre-application enquiry, yet the only question being asked is whether or not the proposed works require listed building consent. I think there is too much going on to be treated as a low-key repair, and as upgrading of the structure is proposed, this should be covered by an application."

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
