

Wiltshire Council Planning Consultation Response

ECOLOGY

Officer name:	Jessica Cracknell
Date:	16/02/2026
Application Number:	PL/2025/08536
Proposal:	Garden Alteration Works
Site Address:	Kenavon, London Road, Devizes, SN10 2DS
Case Officer:	Jane Sanger

Recommendations:

☐	No Comment
☐	Support
☒	No objection
☐	Condition (no objection subject to conditions)
☐	Objection - further information required
☐	Objection in principle
☐	HRA.

Thank you for your consultation on the above application. I have reviewed the submitted documents against OS maps, aerial photographs of the site and surrounding area, together with GIS layers of statutory and non-statutory designated sites and existing records of protected species.

The following submitted documentation was reviewed to inform this response:

- Arboricultural Impact Assessment;
- Proposed Block Plan, External Plan and Sections. 22 January 2026. Dolman Building Surveyors. Drawing No. 4452-02. Rev. A;
- Location Road, Existing Block Plan, External Plan and Sections. 22 January 2026. Dolman Building Surveyors. Drawing No. 4452-01. Rev. A.

Kennet & Avon Canal County Wildlife Site (CWS)

The site borders the designated Kennet & Avon Canal County Wildlife Site (CWS). In accordance with Core Policy 50, development proposals must demonstrate how they protect features of nature conservation and geological value as part of the design rationale. There is an expectation that such features shall be retained, buffered, and managed favourably in order to maintain their ecological value, connectivity and functionality in the long-term. Where it has been demonstrated that such features cannot be retained, removal or damage shall only be acceptable in circumstances where the anticipated ecological impacts have been mitigated as far as possible and appropriate compensatory measures can be secured to ensure no net loss of the local biodiversity resource.

Biodiversity Net Gain

From 12 February 2024 Biodiversity Net Gain (BNG) became mandatory under Schedule 7A of the Town and Country Planning Act 1990 (as inserted by Schedule 14 of the Environment Act 2021). Based on the information available the biodiversity gain planning condition is not considered to apply to this application as the application is for development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Note to case officer: you should be satisfied that the proposals meet the above criteria and act accordingly. Further information will be required from the applicant prior to determination in the event the application is considered to be subject to mandatory biodiversity net gain.

INFORMATIVES:

Protected Species

The applicant should note that under the terms of the Wildlife and Countryside Act (1981) and the Conservation of Habitats and Species Regulations 2017 (as amended) it is an offence to disturb or harm any protected species including for example, breeding birds and reptiles. The protection offered to some species such as bats, extends beyond the individual animals to the places they use for shelter or resting. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.

Final sign off – all matters addressed:
