

STATEMENT in connect with installation of extract grille to shop front fascia at 12 Minster Street Salisbury SP1 1TF for PitaPita Ltd

The Application

The application seeks retrospective permission for the installation of the extract grille to the fascia in the shop front surround.

The Business

The applicants hold the lease on the ground floor of No 12 to offer Greek food to the public. At present the business supports 3 staff. Food is prepared on the premises therefore hygiene is critical.

Appropriate extract equipment has been installed to meet the required standard which requires discharge to air.

The Extract Grille

The property has the benefit of a semi basement .This has its own extract system which discharges through a grille in the fascia to the shop front.

The extract grille subject to the application is located adjacent to the existing grille approximately 1000mm long x 300mm deep at present concealed by the suspended sign which is required to be removed .The insertion causes no damage to the fascia or the shop front, the only concern is visual.

The applicant does not have the facility to take the extract duct up through the interior of the building. The location in the shop front is the only solution.

Both grilles will be painted to match the fascia ,attention is drawn to the extract grille in the fascia of the adjacent premises which is painted in with the fascia.
