Subject: RE: PL/2025/09986 - 21/22 New Park St, Devizes

Hi Jane,

Please see attached, and thanks again for your help.

I hope this gives everything needed for an assessment for the advertising consent.

As I said on the phone we're currently in the shop and keen to open asap but unable to do so without the signage in place.

Happy to accept the extension in time if still needed but now this has been sent over is it still required?

I think the only question I had is with the 1:1250 site plan missing the scale bar; as this is an official title plan which is scaled it can't be added.

With all the other information updated and an additional 1:50 site plan showing the signage location as well as the updated design, access and heritage statement I hope that this is sufficient.

Anything further please let me know.
