

Fosgate House Tennis Court – Soft Landscaping Plan

Figure 7

Proposed new hedgerow to supplement existing soft landscaping.

Notes:

(i) A native mixed species hedgerow is proposed along the north, east and south sides of the court area using Holly (10%), Hawthorn (50%), Hazel (20%), Dog Rose (10%) and Guelder Rose (10%). Robust 0.5 metre high plants will be used (in accordance with British Standard 3936) at a density of 4 plants per metre in double staggered rows.

(ii) The new hedgerow will be planted in the first planting season following the commencement of the court development.

(iii) The new hedge will be allowed to grow to a height of at least 2.5 metres. It will be trimmed on an annual basis preferably at the end of the growing season (NB. August). Any dead or dying hedge plants will be replaced before the start of the next growing season.
