

Parking Statement

"The Smithy (73 High Street, Burbage, SN8 3AA) shares its four car spaces with The Old Forge (75 High Street) cottage, my home. I have one car leaving three spaces for visitors. I attach pictures of the spaces, three across the road on Smithys Lane and one at the end of the Smithy on the corner of the High Street and Smithys Lane.

As Steven Jenkins from Wiltshire Council Planning noted on his autumn inspection of the property, there is plenty of additional parking all along the High Street. All the other houses and businesses use the High Street for parking, including the local pub and petrol station. I attach pictures of this additional space."
