

Listed Building Consent Application

The Ship Inn, Upavon
(SN9 6EA)

Proposed Paint Specification

We propose a subtle, heritage-appropriate refresh of the external paintwork at The Ship Inn, to enhance and preserve the building's historic character. All finishes will use breathable, conservation-compliant materials, suitable for listed structures.

All paints will be low-sheen, breathable, and appropriate for historic buildings. No structural alterations are proposed, and all changes are in keeping with the building's listed status.
