Details of the pre-application advice received

From what I understand, the new window is different in type than the one it replaced – listed building consent would have been required.

We can't grant consent retrospectively, as unauthorised alterations are a criminal offence - if the works are considered acceptable, they will only be authorised from the date of a decision. You will need to apply for listed building consent and you can do this via the Planning Portal and this is the link - Planning applications - Planning applications - Planning Portal. I have also attached the local validation checklist for listed building and you will need to provide the information listed in there to make the application valid.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No
