

The Town and Country Planning Act 1990
Approval of Full Planning Permission with Conditions
Application Reference Number: PL/2025/09099
Decision Date: 24/02/2026

Applicant:	Mr J Gay Lordswood House, Commonwood Lane, Sherston, Malmesbury, SN16 0PX
Particulars of Development:	Construction of tennis court to include part retrospective change of use of agricultural land to garden and associated works
At:	Lordswood House, Commonwood Lane, Sherston, Malmesbury, SN16 0PX

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 39 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:
 - 1124:P:21A: Location Plan
 - 1124:P:02: Tennis Court Block Plan
 - 1124:23B: Tennis Court Landscape Plan (received 06/02/2026)(received 24/11/2025 unless otherwise stated)

REASON: For the avoidance of doubt and in the interests of proper planning.

- 3** No development shall commence on site (including any vegetation removal or works to existing structures), until a Construction Method Statement has been submitted to, and approved in writing by the Local Planning Authority. The Construction Method Statement shall include all precautionary measures to be implemented during the construction period, for the protection of sensitive habitats and species known to be present within or adjacent the site, with particular reference to:

- Bats
- Nesting Birds
- Great Crested Newts
- Ancient / Priority Habitat Woodland

The development shall be carried out in strict accordance with the approved Construction Method Statement.

REASON: To ensure adequate protection, mitigation and compensation for protected species and priority habitats throughout the construction period.

- 4** The tennis court surface shall be entirely of muted two-tone green colour only: light green inner court with darker green surround, and shall remain so in perpetuity.

REASON: In the interests of visual amenity and the character and appearance of the area.

- 5** The development will be carried out in strict accordance with the following documents:

- Landscape Plan. 05 February 2026. Brian Kirby Design. Drawing No. 1124:23B;
- Baseline BNG Habitat Plan;
- Post-development BNG Habitat Plan;
- Sections 5 and 6 and Annex 2 and 3 of Preliminary Ecological Appraisal. September 2025. Seasons Ecology. Report Ref. SEB3139_01 v2;
- The Statutory Biodiversity Metric. 03 November 2025. Iteration 2;
- Biodiversity Net Gain Statement – Statutory Biodiversity Metric. November 2025. Seasons Ecology. Report Ref. SEB3139_01 v3.

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity

- 6** All soft landscaping comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the building(s) or the completion of the development whichever is the sooner; All

shrubs, trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless otherwise agreed in writing by the local planning authority.

REASON: To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features.

- 7 No external light fixture or fitting will be installed within the application site unless details of existing and proposed new lighting have been submitted to and approved by the Local Planning Authority in writing. The submitted details will demonstrate how the proposed lighting will impact on bat habitat compared to the existing situation.

The plans will be in accordance with the appropriate Environmental Zone standards set out by the Institution of Lighting Professionals (ILP) Guidance Notes on the Avoidance of Obtrusive Light (GN 01/2021) and Guidance note GN08/23 "Bats and artificial lighting at night", issued by the Bat Conservation Trust and Institution of Lighting Professionals.

REASON: To avoid illumination of habitat used by bats.

Informatives

- 1 Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.
- 2 The applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required, it will be necessary for the applicant to obtain the landowners consent before such works commence. If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.
- 3 The applicant should note that under the terms of the Wildlife and Countryside Act (1981) and the Conservation of Habitats and Species Regulations 2017 (as amended) it is an offence to disturb or harm any protected species including for example, breeding birds and reptiles. The protection offered to some species such as bats, extends beyond the individual animals to the places they use for shelter or resting. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.

4 The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition “(the biodiversity gain condition”) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Wiltshire Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. For further information on exempt developments please refer to:

<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>

Based on the information available this permission is considered to be one which will require the approval of a biodiversity gain plan before development is begun because none of the statutory exemptions or transitional arrangements are considered to apply.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

Nic Thomas - Director of Planning, Economy and Regeneration

NOTES

- 1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.
 - 1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**
 - 1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);
 - 1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;
 - 1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).
- 2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - <http://www.planningportal.gov.uk/planning/appeals>).
- 3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk
- 4 **CIL.** The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. A separate Community Infrastructure Levy Liability Notice will be issued by the Local Planning Authority. Should you require further information with regards to CIL please refer to the Council's Website [Community Infrastructure Levy \(CIL\) - Wiltshire Council](#)
