

Highway Development Control Consultation Response

Planning Application Ref: PL/2025/09093

Site Address: Unit L1, Redman Road, Calne, SN11 9PR.

Proposal: Replace existing 6ft security fence and gates to 8ft palisade style security fence and gates to improve site security.

Date of Consultation Response: 26/02/2026

I refer to the above planning application dated 05/02/2026 seeking permission to replace the existing 6ft security fence and gates to an 8ft palisade style security fence and gates to improve site security.

The site is located with existing access onto Redman Road, an unclassified section of public highway subject to a speed limit of 30mph. there are no proposals to alter the existing access with the public highway.

The proposed fence is set back some 7m from the public highway and as such would not obscure any existing visibility splay afforded to the site. The gates are also set back some 7m and open inwards, therefore there would be no highway objection raised to the proposed new fence and gates.
