Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

This application seeks retrospective listed building consent for the repainting of external elevations of the Grade II listed building in a burgundy and pink striped finish. The works were limited solely to the redecoration of previously painted external surfaces. No alterations have been made to the buildings structure, plan form, architectural detailing historic fabric, openings or materials. No historic features have been removed, obscured or damaged as part of these works. A vapor-permeable, breathable external paint system appropriate for use on historic buildings was used. This ensures that moisture movement within the building fabric is not restricted and that no harm is caused to the underlying substrate. The paint finish is fully reversible through future redecoration. Since completion, the scheme has generated positive public engagement and has contributed to increased activity and footfall within the town centre.
